## Requests for Licenses To Sell Liquor Bother Village Board Members

### Proposal to Annex Naber Land Brings Tavern Limit Into Picture

The request to the village board from the National Food Co., store that it be listed for a class B liquor license at the first "vacancy" under the present limit of two opened a general discussion by the board Tuesday on licenses.

President George B. Bartlett questioned Attorney George McGaughey what the situation would be in event the Barney Naber 40 acres subdivision were annexed to the village in view of the fact that the Kelly tavern is included.

McGaughey said there is plenty of legal decision to say that the tavern must be given its license.

The present ordinance not only limits the number of tavern licenses but confines them to a certain area between Orchard and Lake st., and the Kelly tavern may be outside that area as well as exceeding the limit number.

## Board Orders 99-Year Lease on Orchard St. Lot for Rescue Squad

### Holbek Says Organization Wishes to Rush Through Building Plans

Village Attorney George McGaughey was instructed by the village board Tuesday evening to draw up a lease providing use of lot 12 fronting on Orchard St. for 99 years as a site for the proposed new Antioch Rescue squad building.

The building, according to Capt. Herman Holbek, who submitted a sketch to the trustees, would be one story high, 28 feet wide and about 60 feet long. It would fit easily into the lot which is 28 feet 11 inches by 130 feet.

Holbek asked that the legal matters be speedy in view of the fact that the squad had "something hot" in the way of plans for early construction.

The plans call for an emergency room, toilets and utility rooms at the front of the building, a meeting room back of them and the garage and storage room for the equipment in the rear. Entrance for the trucks will be through the rear.

A complication arose when the board was asked by Holbek to act before an investigating committee composed of Art Rosenfeldt and Arthur Hawkins, trustees, had time to report.

"The surveyor just came yesterday (Monday)" said Holbek, "and we have had no time for the conference although I'll be more than glad to go over the ground with the committee."

Village Attorney George McGaughey said that the committee could submit its report when the lease is voted upon and that it did not need to be offered before the instruction on the lease was given.

## Belle M. Cremin, 65 Dies in Evanston

Belle M. Cremin, 65, of Lake Villa, died Saturday, February 26, at 3:50 p. m. of a heart attack, while visiting at the home of her sister, Mrs. Laura Hartray, 733 Madison St., Evanston.

Mrs. Cremin was born December 15, 1883 at Lake Villa and had lived in Lake Villa community all her life.

She was a member of the Grayslake American Legion Auxiliary, Woman's club, the Methodist church and the Avon Home Bureau Unit.

Survivors are her husband, Frank W. Cremin, two sons, Dorr and Donald of Lake Villa, three daughters, Mrs. Ruth Varner, of Lake Villa, Mrs. Cora Fricke, of Waukegan and Mrs. Bertha Johnson of Lake Villa, a sister, Mrs. Gertrude Krumery of Hoosick Falls, New York, two brothers, John Brewer of Gurnee and Leo Brewer of Mundelein and five grandchildren.

Funeral services were held Tuesday at 2 p. m. from the Grayslake Methodist church with the Rev. Daniel E. Scovanner officiating. Burial was in Avon cemetery.

## Bartlett Would Remove Treasurer Job From Ballot

President George Bartlett told members of the village board this week that he would seek a ruling by which the office of village treasurer would be removed from the necessity of election.

"We have a good treasurer now who knows her work thoroughly, and I don't think it is a good policy to be breaking in a new one every four years," said Bartlett regarding Mrs. Martha Hunter.

The board attempted to lighten the task of counting meter collection when it recently purchased a coin counter for \$183 to facilitate the counting of pennies and nickels from the parking meters.

## To Organize Local C. A. P. Group Mon.

### Antioch Air Enthusiasts Meet Wednesday At Grade School

All Antioch residents who are interested in the organization of a local wing of the Civil Air Patrol are invited to attend an organization meeting to be held at Bill's Welding shop on Depot street next Monday, March 7.

Officers will be chosen at the meeting and a charter will be applied for, according to Wm. Horton, Jr., one of the organizers behind the move.

45 Present Wednesday  
Forty-five were present at the first meeting held at the Antioch Grade school Wednesday, Col. Chas. Richardson, Deputy Wing commander of the state of Illinois C. A. P., introduced Major Joseph E. Day, district group commander, who was the main speaker of the evening.

Day explained the purposes of the CAP and told of its work in the recent rescue work during the storms of this winter in the west. After his talk, a question session was held, with many questions of those present answered.

Captain Carl Mues, director of publicity and information, was also present at the meeting and gave a few remarks.

A feature of the program was moving pictures of the jet-propelled planes and an explanation of the workings of the new jet motors.

## Grass Lake Board Will Issue Financial Report Before Tax Referendum

Walter Forbrich, clerk of School Dist. No. 36, Grass Lake, assisted by Tom Dowd, Nathan Galloway and Harry Stott are preparing a financial statement of the district in view of a referendum on Mar. 26 when an increase in the educational tax from .216 to .35 per cent will be asked.

Money for the payment of teachers is now exhausted and the board is having to borrow to pay this month's salaries.

Charles Kempf, president of the board says the educational fund is now \$7,024, and is insufficient. The proposed tax would bring in \$11,375.

The great influx of pupils made necessary the hiring of an additional teacher with other added expenses.

Kempf, whose term expires this spring as president, informed other members of the board that he would not seek re-election. Art Henderson has another year to serve and Forbrich, two years.

The legal notice of the referendum ran first in last week's Antioch News.

## Antioch Finishes Sixth In Conference Standing; Buchta on Second Squad

Antioch's varsity basketball team finished in sixth place ahead of Grant and Wauconda in the Northwest Conference high school race this year. Barrington again led the conference.

The Antioch Frosh-Soph team finished in fourth place ahead of Els, Bensenville, Barrington and Grant.

Irvin Buchta, varsity center, was placed on the all-conference second team.

The player receiving the most votes in the all-star balloting was Armin Bizer, forward for the Northbrook Vikings. He led the individual scoring in the circuit until the final game, losing the point crown on the last night to Gerald Anderson, center for Bensenville. Bizer scored 186 points in league play.

## Chain O' Lakes Region Council to Plan Sport Show Friday Evening

### Reports on Pollution Sought For Presentation to State Officials

The Chain O' Lakes Region council in its regular meeting Friday evening will make further plans for its first annual Sport and Home show to be given June 20-26 at the South park of Cedar lake, Lake Villa.

The meeting starting at 8:15 p. m. at the Lake Villa Village hall is expected to have representation from all of the subdivision members.

Secretary Glenn Burt has asked a full attendance so that plans for the show will be well known as they proceed.

Applications from exhibitors for the show already have been received.

William Wood, Third lake, chairman of the waterways committee is asking each subdivision member to provide a report on pollution in its lake so that the information can be turned over to Rep. Harvey Pearson, who in turn will give it to the attorney general for action.

## Waukegan High Chorus To Sing at Methodist Family Night Meeting

A mixed chorus of 18 voices, a girl ensemble of six voices and several instrumental players from the Waukegan Township High school under the direction of Leslie Gilkey will be the outstanding feature of the Family Night program at the Methodist church at 6:30 p. m. Tuesday, according to the Rev. G. Richard Tuttle, pastor.

The mixed chorus group will sing: "To Thee We Sing" by Tkach; "O Praise Ye" by Tschakowsky; "America the Beautiful" by Ward; "My Heart is a Silent Violin" by Fox; "He is Watchin over Israel" by Mendelssohn.

The girl's ensemble will sing: "The Prayer Perfect" by Stenson; "Serenade" by Romberg; "Morning Speaks" and "Carmena Waltz Song."

Special instrumental music will

be provided by Alan Botmer, Trombonist and Norman Gudmundson, violinist. Alan won first division rating at the state contest last year, and Norman won first place award in the state contest. He has been given a position in the Chicago Civic orchestra.

The supper, to which the entire group of musicians has been invited, will be a potluck affair served in the basement dining room. The program will be given in the church sanctuary beginning at approximately 7:30, and to this, people in the community are cordially invited.

## Firemen Save Cottage Of John C. Hagens at Lake Catherine Sunday

The Antioch fire department saved the cottage of Mr. and Mrs. John C. Hagen at Lake Catherine from destruction by fire at 7:30 a. m. Sunday by a quick run and hard work.

The fire started from an overheated tile chimney and was burning in the ceiling when discovered by the Hagens. The firemen had to thrust their shoulders into a two-foot space above the ceiling in getting at the blaze.

The damage was estimated at \$200.

Mr. Hagen, a retired Chicago street car conductor, and his wife are still able to live in the damaged building.

## Antioch Fire Department Stands by for Newport at Mill Creek Hunt Club Fire

The Antioch fire department acted in a standby capacity along with the Lake Villa and Gurnee departments as the Newport Township department successfully battled a fire in the employees quarters of the Mill Creek Hunt club southeast of Millburn Tuesday evening.

The fire started in a second story room of the large frame building as the result of defective wiring. Most of the \$5,000 damage, LeRoy Fritz, Newport fire chief said, was from water. A hole was burned in the roof.

The Newport department, located at Wadsworth lost a 15-pound fire extinguisher from its truck while making the trip. Chief Fritz asked its return by the finder.

The Newport department was called out at 1 a. m. the same night to the Leo Neal farm on the Wadsworth rd., where two barns were burned. Consumed in the blaze were three head of cattle and 800 bales of hay. A pony and a horse bolted from their stalls to safety.

Mrs. Neal discovered the fire when she arose to feed her baby. The fire was out of control when the department arrived.

## State Expects Greater Number of Hunting and Fishing Licenses in 1949

The state department of conservation is preparing for the 1949 fishing and hunting seasons with the expectation that pressure upon the fish and wildlife resources of Illinois will be the heaviest ever known. Indications are that the 700,000 fishing and 422,000 hunting licenses issued for the 1948 season, which ended Jan. 31, 1949, will be exceeded this year.

Director Leonard Schwartz reports that his department's game farms have 17,400 ringneck pheasants and 9,500 quail on hand. Some 8,000 pheasants and 4,000 to 5,000 quail will be kept for breeding stock, the remainder will be set free this spring to supplement native birds.

The fish division will put 20,000 rainbow and game trout into the waters of northwestern Illinois this spring, and is planning to rescue game fish that may be stranded along the Mississippi river bottoms and release them in streams and lakes. Good bass fishing is predicted in Beaver Dam lake, in Macoupin county, when the lake is opened to sportsmen about July 15.

The game management division has sent 250,000 seedlings to southern Illinois landowners for game cover planting.

Forty deer have been captured in the Rock River valley, where they are becoming a problem, and set free in Shawnee National forest.

## Move to Take State Police Jobs Out of Politics Made Through Open Examinations

Governor Adlai E. Stevenson and T. E. Sullivan, director of public safety, have announced that the opening move in the Governor's plan to take the Illinois state highway police out of politics will be made Monday, Mar. 7, when examinations will be held to fill approximately one hundred existing vacancies on the force. The positions to be filled, all patrolmen, pay \$2,820 a year plus certain travel expenses.

New physical and mental standards have been set up, and all pres- (Continued on page 5)

## Candidates File For Town Office At Last Minute

### Competition Only in Race For Constable Where Four Compete

Four candidates for constable in the town election presented a race in contrast to the single petitions for clerk and assessor, according to filings with Clerk C. F. Richards, who himself is retiring.

Lewellyn Van Patten, Jr., was the only person to file his candidacy for clerk and Ernest L. Simons is the only one filing for assessor to succeed himself.

Edward Flannigan is again running for constable, but Tom Burnett, Elmer W. Dieball and Merrill Cunningham are new applicants for the two positions now open.

John Brogan and Edward Jacobs are again candidates for justice of the peace and John Horan is seeking re-election as town collector.

For positions as trustees of the library board, Mrs. Grace Bratrude and William Richard Whitaker are candidates.

## Bowling Stars to Meet Sunday Afternoon in Benefit for Peterson

Fred Peterson, police chief of the village, now bedfast at his home while gaining strength for a second operation, would rather be an on-looker Sunday afternoon at the match bowling contest at the Recreation Center than benefit from its receipts.

But since he cannot be there, those staging the match are asking that as many others as possible substitute for Fred in swelling the cash benefit for him. Play will start at 2:30 p. m.

Sufficient to draw the crowd regardless of the purpose of the occasion is the appearance of Eli Maricich, Chicago, who was a member last year of the champion ABC team, Gold Crown, and who has an average of 198 in four classic leagues in Chicago.

Maricich will pair with Harry Linder in meeting Bill Keulman and Emil Hallway, all local men for a side bet also to go to Peterson.

## Bill to Use Parking Meter Surplus for Off-the-street Parking Offered in Assembly

A bill requiring cities to use parking meter revenues above the costs of enforcement to develop free off-the-street parking facilities will be sponsored in the Illinois legislature by the Chicago Motor Club, Charles M. Hayes, president of the motoring organization, announced today.

Other measures in the Chicago Motor Club's six-point legislative program for Illinois motorists seek to outlaw by Constitutional Amendment divisions of motorists' taxes to unrelated purposes, bans on speed traps, and extension of driver instruction permits from 90 days to five months as an aid to driver training in high schools.

Automobile insurance coverage for taxicabs and livery vehicles to the same limits as required of trucks, "Drivurself" vehicles, and carried by a majority of private passenger cars under the existing financial responsibility law will be sought in an amendment to the motor vehicle law.

Proposed anti-speed trap legislation would ban the use of speed traps in making traffic arrests, including all practices and mechanical or electrical devices for computing vehicular speeds by registering elapsed time in traveling a measured stretch of highway. By requiring officers to patrol the highways in plain view, this bill would encourage effective enforcement and safe driving, the Chicago Motor Club contends.

### Barrington Wins First

Barrington High school of the Northwest conference won its opening game in the regional tournament at Waukegan last evening, from Highland Park 47 to 46. It was a close and exciting game throughout. Barrington conference champion defeated Antioch in the district tournament at Wauconda.

In the first game of last evening Waukegan defeated Niles.

Other scores of the tourney were: Evanston 47, Zion-Benton 26; New Trier 58, Libertyville 30.

## Price Control Isn't New

There is nothing new about price control. Attempts to fix prices by fiat can be traced back almost as far as recorded history. And in every case the result has been failure.

As an example, the emperor Diocletian issued an edict fixing the price at which food and other commodities could be sold. He went whole hog in an effort to make the scheme work. In other words of the Chicago News, "The death penalty was prescribed for black marketers, and a vast bureaucracy employed to enforce the decrees. The breakdown of economic order followed in due course; prices rose as production fell. The emperor's remedy was exorbitant taxation. This accelerated the economic breakdown, and helped to pave the way for easy conquest by the barbarians."

This has been the usual story of price control, in both ancient and modern times. And to believe that it would be any different in the future is to embrace a dangerous illusion. Under the competitive system, the price charged for anything in common use honestly reflects the cost of producing and selling it, plus a small profit. How, in the name of logic, could we force a man to make something at a loss—or a merchant to stock and sell it at less than his cost?

Worse than this, price control, with all its ramifications, must regiment enterprise. It must be followed by wage control, control of the allocation of materials, control of anything and everything that affects the cost of doing business. A totalitarian economy is the inevitable result.

## Coal Makes A Safety Record

Every time a major accident occurs in a coal mine it makes headlines throughout the country. So the public naturally gains the idea that coal mining is an extremely dangerous occupation, in which little improvement has been made in many years.

It is true that underground mining involves special hazards. But, year in and year out, the mine operators and other groups have been working to minimize them, and they have had signal success.

As evidence of this, the Bureau of Mines reports that the accidental death and injury rates in the nation's coal mines were the lowest in history last year. The fatality rate was down to 1.46 per 1,000,000 tons of soft coal mined.

The industry takes many different approaches in its continuous effort to make mining safer. Improved machinery and mining techniques are among the most important. A great volume of knowledge exists on the causes of explosions and fires, and it finds its reflection in proven safety rules. Fast-increasing mechanization of mining has had a double virtue—it has made a distinct contribution to safety, and it has greatly increased the miner's productivity and this helped to give him the record wages he now earns. Finally, the industry carries on intensive safety education work aimed at all its employees.

This last has paid dividends. There can be no substitute, in coal mining or any other enterprises, for individual knowledge of safe practices. The miners and the operators are to be congratulated for their success in reducing the accident rate—and for their determination to bring it down still farther.

## "Robot" Medicine Care

The president of the Medical Society of Kings County, New York, reflected the point of view of many thoughtful members of that profession when he said that "revolutionary" schemes for promoting medical security, which are now being advocated by some government officials, would tend to create a "robot system" of medical care. He said that his group is opposed to nationalized health insurance because "we are fully cognizant that in countries where medical care has been regimented the medical care is not as thorough, that initiative and incentive for medical research has been stymied, and that setting up a costly regimented system will jeopardize the personal relationship of the patient and the physician."

This is not simply a matter of opinion. It has been factually supported time and time again by the records made in various countries where regimented or socialized medicine has been tried. Science does not flower in a political climate.

The case for government health insurance is without a sound foundation. Through the voluntary prepayment plans, millions of people are financially prepared for illness should it come and millions more have this protection available if they wish it. The problem of caring for the fraction of the population which is actually indigent can be handled without creating another bureaucracy, and without taxing us billions a year to pay the cost. Nothing is ever "free" about government medicine—it is always excessively costly, as well as inefficient. The bill which is now being urged would be no exception to that rule.

Th Sewing club had luncheon with Mrs. Chas. Hamlin last Thursday afternoon.

Mrs. Don Summers was a Waukegan visitor last Thursday.

Mrs. Paul Avery, Sr., returned Saturday from a very pleasant trip to Florida with Mrs. Gladys Ames, of Gurnee, Mrs. Reid, of Libertyville and Mrs. Chard, of Grayslake.

## LAKE VILLA

Rev. T. E. Rodd has announced the sermon topic for the worship service at the Community church next Sunday, March 6, at 11 a. m. to be "The Lord's Prayer". You are welcome. On Friday evening, March 4, at 8 o'clock the Lake Villa and Millburn church will hold a combined service at the Lake Villa church in observance of World Day of Prayer. Everyone is welcome.

The church school teachers met Tuesday evening this week with Mrs. Elmer Oelkers at her home for the regular meeting and the nominating committee met Thursday evening with Mrs. Marie Hamlin to name officers to be presented at the Fourth Quarterly Conference to be held late this month.

At the next Family Night supper at the church on Wednesday evening, March 9, Mr. Wm. Howard will review the book "The Big Fisherman" by Lloyd C. Douglas. This is also open to the public.

The Royal Neighbors will meet at the Village hall on Tuesday afternoon, March 8, and a social hour will follow the meeting. Members please take notice.

The Study group of the Lake Villa P. T. A. will meet in one of the school rooms on Wednesday evening, March 9, and Dr. Midgley will be speaker of the evening. The public, especially those who have children in school, is urged to be present.

Frederick Schlund, 84, father of Emma Schwass, also of Mrs. Hattie Hansen, of Antioch, and who was a resident of Lake Villa township for a number of years, passed away last week, and interment was at Forest Park last Saturday.

The Halcyon Club is ready to sell you a ticket for the home talent play "The Campbells are Coming" to be given at the school gymnasium on Friday and Saturday evenings, March 25 and 26. This is strictly amateur and you will not want to miss it.

Our community was saddened Saturday to learn of the very sudden death of Mrs. Frank Cremin, who had many friends here.

Mr. and Mrs. B. J. Hooper and Mrs. Edward Langbein visited Mrs. Traver Ellis and her small daughter, Linda Lorraine at their home

at Belvidere last Thursday.

Mr. and Mrs. Edwin Kapple and family, of Chicago, visited the Albert Kapple family on Saturday and on Sunday their daughters, Mrs. Edward Krooks and family, of Waukegan, and the Charles Rothers family, of Chicago, were out for the day.

Mr. and Mrs. Raymond Golden and Mr. and Mrs. Clarence Blumen-schein were in Waukegan Saturday to attend the wedding of Mrs. Golden's sister, Miss Lee Smithson, to Mr. Merle Murphy.

Kenneth Blumen-schein spent Saturday in Chicago.

The 500 club met last Saturday night with Mrs. Alice Meyer at her home and as she had a birthday party as well. Prizes were awarded to Mrs. Anne Nelson, Rother Nelson, Mr. and Mrs. Will Fish and Mr. and Mrs. Leo Barnstable.

The Lake Villa fire department was called Sunday night when a chimney fire caught in the walls of Mrs. May Natiolet's home in the Atwell subdivision. Mrs. Natiolet, who has been ill, suffered a heart attack and was helped by the inhalator used by the firemen.

Fire of undetermined origin broke out late last Saturday night in one of the Chesney Farm's hog houses where many young pigs and their mothers were housed. The Lake Villa fire department responded quickly and damage to the building was not great, but the loss of the pigs which were all smothered is greater. Loss is partially covered by insurance.

Founder's Day was observed at the Lake Villa P. T. A. meeting at the schoolhouse on Monday evening last week, and four Past Presidents were presented with carnation corsages. A speaker had been engaged, but due to conflicting dates, was not able to be present. Following the business meeting, the group played buncle and the refreshment committee served cherry pie and coffee.

Ted Bartlett is confined to his room by illness at the home of his son, Fred Bartlett and family.

The Kanka Brothers who spent several weeks this winter in Florida have returned last week to their home here. After visiting Florida, they went west and were disappointed in the weather there, so came home.

## Millburn Unit of Home Bureau Picks Officers for Year

Mrs. W. F. Wetzel, president of the Millburn Unit of the Lake County Home Bureau, entertained the officers and committee chairman at her home in Libertyville, Feb. 24.

Following a dessert luncheon served by the hostess, plans were made for the program for the coming year.

The following members are the officers for 1949-50, president, Mrs. W. F. Wetzel; vice president, Mrs. C. J. Lundgren; Sec., Mrs. Arthur Becker; treasurer, Mrs. Herbert Messner.

The committee chairman attending were Mrs. Frank Edwards, hostess committee; Mrs. Carl Anderson, program; Miss Vivian Bonner, welfare; Mrs. Emmet King, library; Mrs. Raymond Laursen, activities; Mrs. O. P. Neahous, shut-in; Mrs. W. Mack, Jr., ways and means; Mrs. W. A. Robbins, publicity. Other committee chairman are Mrs. Roy Bolton, 4-H and Mrs. Edward Kidera, recreation.

## Move to Take State Police...

(Continued from page 1)

ent members of the force are to be examined in the near future.

The Governor desires to constitute a force representing approximately equality between the two major parties, and then to remove the police permanently from partisan politics by legislation setting up a merit system for admission, tenure, and promotion.

Fred K. Hoehler, state director of public welfare, has announced that his department's division of supervision of delinquents and division of rehabilitation of women and girls will be consolidated, effective Mar. 15.

The move is designed to remove politics from the welfare parole service, and to bring about increased efficiency and economy, Hoehler said. Fewer parole officers will be required under the new set-up, and the present force of about fifty officers will be reduced to thirty or thirty-five.

The first fifteen bills passed by the 66th General Assembly—deficiency appropriations totaling approximately 46 million dollars—have been signed by Governor Adlai E. Stevenson. Old age pensions, general relief, operation of the state's welfare institutions, and motor fuel tax and inheritance tax refunds are among the expenses for which these appropriations were found to be necessary.

Prize Lists Published  
For Chicago Dog Show

Chicago—The Midwest's major dog exhibition, Chicago's big International Kennel Club show now has prize lists available for exhibitors of purebred dogs for the coming event which is scheduled for Mar. 26 and 27.

Dog owners may obtain premium lists by writing show headquarters at 840 Exchange Ave., Chicago 9. Entries will close at noon on Monday, March 14, officials state.

Increased prize money is announced for the classes of the competition this year. Cash prizes of \$15, \$8, and \$5 are offered for first, second and third prizes in all classes in which 12 or more dogs are entered.

Prizes of \$10, \$5 and \$3 are listed for classes in which six to 11 dogs are entered; and \$5, \$3 and \$2 will be paid in classes having one to five entries. Increased prizes are also promised for braces, teams and in

the Obedience classes of the show. The premium schedule will also carry on an offer of \$1.00 per dog as a best of breed prize for each dog entered in that breed or variety. If ten dogs are entered, the prize will be \$10. If 50 dogs are entered, the prize will be \$50, with a minimum of \$10 and a maximum of \$50 for this award. Sterling silver trophies are also given in most of the classes of the show.

The setting for the Chicago show is the big International Amphitheatre at the Chicago Stock Yard. Its facilities can accommodate a larger showing of dogs than any similar building in the country, and officials anticipate a bigger turnout of dogs this year to exceed the 1875 dogs of the last International.

Concentration  
Francis Scott Key wrote "The Star Spangled Banner" while watching the British attack on Baltimore, Sept. 13, 1814.

Chopped Hay  
Chopped hay weighs about twice as much per cubic foot as ordinary loose hay.

Lightweight Animals  
Animals that are losing weight are not good breeding prospects.

## "I'm Bright as a Button..."

"I wake up feeling bright as a button... since I've been sleeping under my electric blanket. Its gentle warmth lulls me to sleep in a jiffy... and helps me really stretch out and relax. I think it's wonderful, too, that just one blanket keeps me so completely comfortable, in spite of changing temperatures. Small wonder I wake up bright-eyed and rested."

It's easy to enjoy this modern sleeping comfort... just set the dial to the temperature you want, turn on the switch, and fall asleep assured of being comfortably warm until you awake in the morning. No matter how the temperature in your room drops or rises, the automatic control of your electric bedcover will make sure you stay just as warm as you want to be. Fresh air flaps can open the windows as wide as they like... and still sleep in warm comfort.

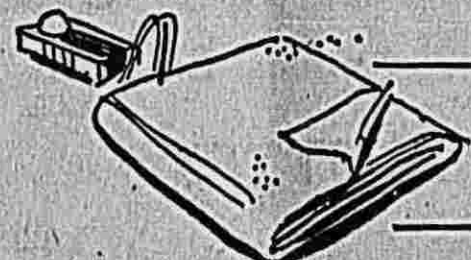

You'll find electric bedcovers are easy to care for, too... blankets can be laundered and comforters cleaned with no trouble at all.

And if you're interested in cutting fuel bills you can still sleep in comfort when the heat is turned down low.

You'll be bright as a button when you sleep under electric bedcovers.

...because my Electric Blanket gives me real sleeping comfort!"

There are several types of electric bedcovers from which you may choose: Electric Sheets \$29.95; Blankets (Twin Bed Size) from \$39.95; Blankets (Double Bed Size) from \$49.95; Comforters \$49.95. All prices include Federal Excise Tax.

Mr. and Mrs. Curtis Wells left on Monday, Feb. 28, by train for a two week vacation trip to Washington, D. C., where they will visit the latter's brother and wife, Mr. and Mrs. Robertshaw.

Several from here attended the funeral of Mrs. Frank Cremin at Grayslake Tuesday afternoon.

Mr. and Mrs. Wm. Hallada, of Port Washington, visited Mr. and Mrs. H. A. Tillotson Saturday afternoon and Sunday.

Mr. and Mrs. E. W. King were dinner guests at the home of Mr. and Mrs. G. A. Lange at Hebron on Sunday.

Mr. and Mrs. Harold Edwards and daughter, of Freeport, called at the Bert Edwards home Sunday afternoon on their way home from Kenosha.

Rev. and Mrs. L. Messersmith and Ora Davis, of Millburn, were Tuesday evening dinner guests at the E. W. King home.

The Curtis Wells home was the scene of a family gathering on Sunday evening when the family celebrated the birthday anniversaries of Mrs. Curtis Wells on March 3rd and her grandson, Paul Magiera on Feb. 28.

Master John E. Van Patten celebrated his 8th birthday anniversary Feb. 27, with a little party at his home on Saturday afternoon for his little cousins, Roger and Bonnie Lee and Mary and Shirley Van Patten, Jimmie and Carol Sue Gerber and a little friend, John Lange, his two grandmothers, Mrs. Louie Van Patten and Mrs. Wilbur Hunter and his aunts, Mrs. Laurel Van Patten, Mrs. L. R. Van Patten, Jr., and Mrs. Will Thompson.

### Uncle Sam Says

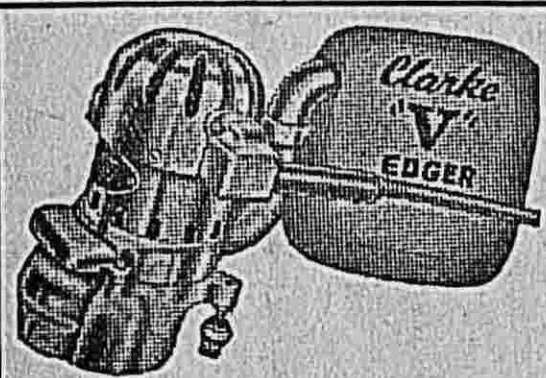

The smart man knows that the only way to protect his family and himself is with a safe, systematic plan of saving. U. S. Savings Bonds provide the safety and the Payroll Savings Plan or the Bond-a-Month Plan is the systematic way. No one can provide security for the future by free-spending. You can face the future with confidence, however, by investing a part of today's earnings in Savings Bonds. That is the intelligent way. And you have the choice of two convenient plans of purchase, the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan at your bank.

**Leonides, Physician**  
Alexandria was an important city in the ancient world of medicine. There, in about 180 A. D., lived Leonides, the first physician to describe retraction of the nipple as an important clinical sign of breast cancer. Leonides and his contemporaries understood cancer better than did their Hippocratic predecessors. Furthermore, they broke with the nihilistic traditions of the Greeks, and treated the disease aggressively.

... and the result is clean, high yielding fields... crops that produce better because they're stronger, healthier. In the new Massey-Harris No. 2 low gallonage Sprayer you have a front-mounted tool custom designed to reduce weed, insect and cultivating expense.

The pump on the No. 2 is P.T.O. driven... small, compact, out of the way. Made of bronze it resists corrosion, lasts longer. You control pump and boom pressure right from your place on the tractor seat. Booms are specially toughened aluminum, 20 or 30 feet long, with nozzles spaced 20 inches apart. Nozzles are of all brass with removable tips and screens... the bases remain in the boom. Ample filtering capacity means reduced clogging, fewer stops in the field.

Stop in soon for complete details. Let's talk over this new method of applying 2, 4-D and D.D.T.

Special corn drops with reversible nozzle adaptors are available for spraying row crops with 2, 4-D or D.D.T.

### Valve-in-Head- and Fireball too!

White sidewall tires, as illustrated, available at extra cost.

It seems that valve-in-head engine design is becoming quite the thing, now that gasolines are stepping up in octane rating and higher compression ratios begin to be worth while.

Well, that's dandy as far as Buick is concerned.

For more than forty-five years, Buick engineers have been working with, developing and learning all about valve-in-head engine design.

So quite some time ago Buick applied a principle, possible only in valve-in-head design, which still remains a Buick exclusive.

It is Fireball design—and it's an interesting engineering story.

It comes from a specially shaped piston, designed to roll each fuel charge into a compact, whirling, ball-shaped mass. It goes a step beyond high-compression ratios, because it means better mixing of fuel—and so better burning.

Result: More good from each fuel charge. A touch more life, pep, ginger. More of that happy, satisfying feel of power and zip that give Buick its good name as a performer.

So remember, as more and more cars climb on the valve-in-

head bandwagon, that Buick is still calling the tune. Still ahead in knowledge and experience and development of a principle that has always been recognized for its greater basic efficiency.

With self-setting valve lifters adding new quiet and washing out tappet noise, it's plain that "Buick's the buy!" on engine design as in other ways.

Come satisfy yourself on that score—and get a firm order in either with or without a car to trade.

## SHORT STORY

### Leading Lady

By MARION BOUCHER

DAN is really a dear and I'd rather have him for a husband than Charles Boyer, but sometimes he is terribly forgetful. It was unpardonable of him to forget the play.

We were having breakfast when he calmly announced: "Won't be home for dinner. I'm going to see Ferris at last about that advertising contract. I wanted to bring him here for the evening but he seemed to have other plans. Anyway, I am taking him to dinner and we'll be able to discuss matters."

"And that's what you intend to do tonight?" I asked icily.

"Why yes, hon, why not?" Dan gulped down his coffee and looked at me with an innocent air. "Sure hope I can swing the deal."

"But tonight's our Little Theater play! How could you forget? Or maybe you can't be bothered with it—maybe you don't want to see me act!"

"Doris, so help me, it slipped my mind completely! I was so anxious to see Ferris that I didn't think of anything else. Perhaps if we get through early . . . but you'd better not count on it."

I was almost in tears. Dan was angry too. "And I am glad it will be over tonight—I am getting tired of coming home to a cold supper, with you rushing off to rehearsals every night."

"Why, Dan, you know you're exaggerating—it hasn't been every night. I thought you were proud that I was given the lead."

"I am going to be late for my bus," Dan muttered and hurried away without even goodby. We don't quarrel very often and I always feel badly when we do.

BUT to think he'd forgotten about the play! Our club had been slaving over it for weeks and our director, who didn't hand out many compliments, had told me that I played the lead very well.

I felt a little guilty when I thought what Dan had said about cold suppers. Perhaps I had neglected him lately. All day I kept thinking uneasily of Dan. I kept hoping he'd phone. The day went by without a word.

"Very well, Mr. Crawford!" I thought angrily as I got ready to go to the theater, if you don't care about my activities I can get along quite nicely without you. Other people appreciate my talents!

Hadn't I often been told that I should have gone on the stage? Well, I might yet!

Perhaps it was my anger which helped me play my role with more spirit. After the first act, I knew the play was going to be a success, knew too that I was playing my part well.

There were compliments but suddenly my success turned to ashes. I didn't care about the play any more—I was thinking of Dan. Slowly, I began to remove my grease paint.

"Hurry up, Doris." It was another girl in the cast speaking.

Was it really Dan's voice? I whirled around.

"We're going to have a party to celebrate our success."

"Sorry, but Doris is coming with me."

Was it really Dan's voice? I whirled around. Yes, there he was. "You were great, hon. I was so proud of you!"

"But, Dan," I exclaimed, "what about Ferris?"

"Of course, I've been here all evening and Ferris was with me. He's anxious to meet you. You know, it was a funny thing. After dinner I decided to tell him that I had to get away—explained that my wife was taking part in a play and I wanted to see it. That was exactly what he wanted to do. He's been keen about dramatics."

"Did you get the contract?" I asked.

"Yes, and I think you helped me put it over. Guess it was because he was so impressed with your acting!"

"Oh, Dan, I am sure that's not the reason but I am so glad!" Then I called out to the others. "Sorry, folks, but I am not joining the party—I am going with my husband. From now on I am going to concentrate on being his leading lady!"

### R. R. Terms of Past

Many railroad terms are outdated by new developments. The 'emigrant cars' used to haul new arrivals at reduced fares; 'ice cars' designed to ship ice from country ponds as far as China when ice was a major Eastern industry, and the 'bull trains' of covered wagons pulled by oxen across the prairies, are examples of terms which are now almost obsolete.

**Cardiac for Dogs**

Owners who try to determine a dog's condition by listening to the beat of its heart may be badly misled, warns Dr. W. J. Lentz of the University of Pennsylvania veterinary staff. While the cardiac rhythm in man should be regular, even when the rate is speeded up, the rhythm in dogs may be habitually irregular without necessarily indicating that anything is wrong, Dr. Lentz says.

### Wood Duck

Wood duck is one of the few species of the duck family that does not nest on the ground. Selecting a cavity in a tree deserted by some other woodland dweller, the nest is made of sticks, pieces of plants and lined with feathers plucked from the breast of the bulder.

### Plenty of Seamstresses

Fifty-two million women and girls in the United States are active sewing enthusiasts. About five million more than the number of people voting in the recent presidential election.

## R. H. Champlin Named President of Illinois Mink Breeders Assoc.

R. H. Champlin of Edwards Rd., Antioch, was re-elected president of the Illinois Mink Breeders association at the annual meeting in Crystal Lake, Feb. 22.

Several hundred persons filled the dining room of the Crystal lodge in attending the organization's business meeting, banquet and dance.

Champlin's staff of officers includes: L. D. Trabert, of Elgin, vice-president; August Sindt, Downers Grove, secretary. The directors elected were Ben Frey, Crystal Lake, Irving Cermak, Zion, William Bender, Naperville, Rolland Stafford, West Chicago, and Otto H. Grosse, Cary. Otto Buhl, Crystal Lake was chosen to represent the association at the national and inter-national conventions.

Reports were given in detail of the year's progress. It was shown that the Illinois Mink Breeders had the largest increase in membership, also that there are more mink farms located within a fifty mile area of northern Illinois than in any other locale. It was also reported that this area has the best reproduction record of any state, and the pelts raised in the northeastern Illinois

area have been sold in the New York market at high averages, and at very much higher averages than those received by the Canadian ranches. Illinois ranchers have topped many of the sales in New York; also many breeders in this area have had the highest average per skin.

### Have Best Fur Farms

The Illinois breeders boast that many of the best fur farmers in the state are recognized by the fur trade in New York as the producers for the largest, finest, most beautiful mink skins in the world. One of the largest individually owned fur farms is within its northern area. The progressiveness and keen sense of appreciation of their business is shown by the attendance of the Illinois mink breeders at their meetings and by the support which they give their officers in their association, in their efforts to further the interests of this fur farming industry.

Out of town guests who came to spend the afternoon and evening with the ranchers to see their methods of operation were the following men prominent in the mink industry: Mr. Wilfred Granquist of Salt Lake City, one of the foremost mink ranchers of the west; Mr. A. Erickson, Sandy, Utah, former president of the Mink Breeders Association of the United States; Mr. and Mrs. Herbert Norgarden from Duluth; Don Nunn from Minnesota; Ed Riley, from New York; Jack Veasey, representing Lampson, Fraser and

## YOUR INCOME TAX

by John T. Jarecki, Collector of Internal Revenue for the First District of Illinois

**Medical & Dental Expenses**  
Those items which qualify as medical and dental expenses in excess of 5% of the adjusted gross income which is shown on Line 6, Page 1, are deductible as itemized deductions on Page 3 of the return. To qualify as medical expenses such items must have been paid for yourself, your spouse or your qualified dependents when itemized deductions instead of the tax table or the standard deduction are used.

Listed below are payments which qualify as deductible medical expense:

Payments to doctors, dentists, nurses and hospitals.  
Cost of eyeglasses, contact lenses and glass eyes.

Cost of artificial teeth.  
Expense of travel necessary to go to a specific doctor, hospital or sanitarium for treatment when ordered by your doctor. But the expenses of going away for a change of scene or rest, even if ordered by your doctor, are not deductible.  
Cost of ambulance service.

Huth Auction Company of New York and London; and many other prominent ranchers and fur industry men.

Cost of medicines prescribed by your doctor.

Cost of braces, artificial limbs. Premiums on health and accident insurance and hospital or medical insurance.

If your spouse or qualified dependent is too ill to go on a plane or train alone to a specified doctor or hospital and you and a nurse must accompany her, the expenses you pay for all three are incurred for the "mitigation and alleviation" of her suffering and are deductible against your income.

But if you should hire someone to act both as practical nurse and housekeeper, the expenses must be allocated between the time spent on each duty, and only the expense of that portion for actual nursing is deductible.

The money paid to nursemaids and baby sitters is strictly personal and does not qualify as medical expense.

You must be sure to deduct from the total medical expenses the amount of reimbursement received from any insurance or hospitalization payments. From the net figure you deduct 5% of the adjusted gross income on Line 6, Page 1 of white Form 1040, and the balance represents allowable medical expense. The 5% represents ordinary medical expense which is not deductible.

### BIGGER CANDY BARS

An increase of 43 per cent in the size of the five-cent Baby Ruth candy bar was announced today by Otto Schnering, president of Curtiss Candy Company. The new Baby Ruth will weigh a full eighth of a pound and is believed by Curtiss to be the largest nationally advertised five-cent candy bar in the country.
